

Property Managers Rely on Sonitrol

Sonitrol offers an integrated security solution that can help protect your business and your properties. Plus, our state-of-the-art technology—including verified audio intrusion detection and verified video surveillance—is backed by a team of highly trained professionals at a Sonitrol Central Station located right here in Charlotte, NC.

During business hours multi-tenant office buildings can be susceptible to danger. Unauthorized individuals are often free to enter and roam unabated. Do you know who has access to your building?

Sonitrol works with property management firms across North America, and has done so for over 50 years. We know there is no such thing as a “one size fits all” security plan. We’ll work with you to tailor a security system to fit your unique needs.

Sonitrol is one of the largest commercial security providers in North America—and the verified leader in electronic security. We offer national resources, as well as strong local support, knowledge and resources to get the job done right.

Choose the services that best suits your business.
